Pursuant to Local Rule 7.1(B)(4), Defendants Keyhole, Inc. and Google Inc. (“Defendants”) request leave to file their Memorandum of Points and Authorities in Opposition to Plaintiff’s Motion for Preliminary Injunction (“Opposition Memorandum”), which exceeds twenty (20) pages in length. Counsel for Plaintiff has assented to this Motion.

As grounds for this Motion, Defendants state that they were unable to adequately brief the necessary topics within the twenty-page limit set by the Court. Defendants' Opposition Memorandum explains both Plaintiff's patented method and Defendants' technology. The Opposition Memorandum further addresses each of the factors of the four-factor test necessary for evaluating whether a preliminary injunction should issue. This analysis includes evaluating the likelihood of success on the merits using the claim constructions offered by both Plaintiff and Defendants, as well as those proposed by the Court during the claim construction hearing. Given the complexity of the issues and the need to address a multi-factor test, Defendants require more than 20 pages to adequately brief the topics.

WHEREFORE, Defendants request that this Motion to file a memorandum exceeding the page limit be granted.

Dated: February 3, 2006

Respectfully submitted,
